

**Earn a certificate  
in FOOD SERVICE  
MANAGEMENT  
in high school!**

Pillager High School is proud to be a part of ProStart, a nationwide, two-year high school program that unites the classroom and industry to develop the best and brightest talent into tomorrow's restaurant and foodservice leaders.

The program is "chef training for high school students," as one Minnesota instructor put it. ProStart teaches not only culinary skills, but also the business aspects of the foodservice industry. The program connects students with industry leaders, provides opportunities for scholarships and perhaps most importantly, prepares young people for careers as restaurant owners, managers, chefs and positions.

ProStart® students enjoy hands-on work, on-the-job training through mentorships, interaction with guest presenters and field trips to area restaurants and foodservice suppliers. They have the opportunity to obtain a Certificate of Achievement at the end of the two-year program upon successful completion of testing and industry work experience.
